# MEET OUR STAFF

The University staff members below are in place to help each student discover their voice.

## RESIDENCE LIFE STAFF

### **Resident Director**

Resident Directors are full-time, live-in professional staff members who oversee the overall management and supervision of a residence hall. Resident Directors have professional degrees and/or extensive experience working in a college environment.

### **Resident Assistant**

Resident Assistants are some of the most important people at the University. They are students, just like you, who are available to assist you and serve as a resource providing information related to events/programming, behavioral expectations, crisis response, and academic and social support. Resident Assistants also work with residents to help create a comfortable living-learning environment for all.

### **Residence Life Central Staff**

Led by the Director of Residence Life, the Residence Life Central Staff guides the overall efforts of Resident Directors and Resident Assistants. Central Staff positions include the Director, Associate Director, Assistant Directors, Area Coordinators, and Administrative Support Staff.

For more information about the Residence Life staff, visit the [website](#).

## HOUSING AND PANTHER CENTRAL STAFF

### **Panther Central**

Panther Central houses the administrative and service offices for the Panther Card, Panther Funds, Housing Services, and Dining Services. Panther Central is located in the lobby of the Litchfield Towers. Panther Central Express is located in the Sutherland Hall lobby.

### **Housekeeping and Building Maintenance**

Housekeeping staff help ensure that communal areas of each building are kept clean. Building Superintendents, and their maintenance teams, are responsible for the operation and upkeep of the residence halls. For more information, please see the Room Maintenance section of this Handbook.

# COMMUNITY LIVING

Choosing to live in on-campus housing provides residents the opportunity to engage with others from diverse backgrounds and varying lifestyles. While this experience can be rewarding, some residents may experience challenges. Keeping the following tips in mind may help residents minimize, manage and resolve any challenges that may arise:

**For residents living on campus, complete the roommate agreement:**

- Resident Assistants will ask residents to complete this agreement during the first weeks of the term.
- This agreement will help facilitate discussion about expectations for living together.

**Establish ground rules that everyone can live by:**

- Decide who will clean, when and how often.
- Define conditions required for sleep and study times.
- Discuss use of personal and community property.
- Talk about when guests will be welcome and how often.

**Communicate:**

- Good communication is the most essential factor in any successful relationship.
- Listen, and be patient.
- Talk about concerns with your roommate directly and immediately.
- Show consideration and respect for others.

**Have an open mind:**

- Always make an effort to understand, to share, and to accept.
- Having a sense of humor helps keep things in perspective.
- Don't sweat the small things.
- Be flexible, and remember that there is more than one way to do things.

**You don't need to be best friends to successfully share the same living space.** However, in situations where residents are struggling to resolve conflict, residents should inform their Resident Assistant of the situation. If needed, the Resident Assistant will review and discuss the Roommate Agreement with the roommates, and possibly review further options available to the residents and may refer the situation to the Resident Director.

## DIVERSITY AND INCLUSION

The University of Pittsburgh, as an educational institution, values equality of opportunity, diversity and inclusion. Students can find the University's Notice of Non-Discrimination at the Office of Diversity & Inclusion.

For complete details on the University's Nondiscrimination Policy, please refer to Policy 07-01-03. For information on how to file a complaint under this policy, please refer to Procedure 07-01-03, or file a report about a bias incident.

## QUIET HOURS

Residents are expected to be courteous with noise levels at all times and are expected to observe quiet hours - specified times when residents are expected to keep noise to a minimum. Unless a floor is designated as a 24-hour quiet floor, quiet hours for all residence halls are as follows:

- Sunday through Thursday, 10 p.m. to 8 a.m.
- Friday and Saturday, 11 p.m. to 8 a.m.
- During final exam weeks, quiet hours are in effect 24-hours-per day beginning at 8 p.m. on the Friday preceding the exam week and remaining in effect until the close of the residence halls.

### Enforcement of Quiet Hours

As a first step to addressing excessive noise, residents should ask the person(s) involved to decrease the noise level. If the noise remains too loud, the resident then should contact a Resident Assistant or Panther Central for assistance with resolving the issue. Failure to comply with quiet hours may result in a Code violation.

# VISITATION POLICY

The following procedures and regulations govern guest visitation. A visitor or guest is defined as any person, including a resident from the same building, invited by a resident to that resident's assigned residence hall/room. Residents will be accountable for their visitors/guests at all times, including those scanned in by the resident, those accompanied by the resident, and visitors/guests within a resident's accommodation. Residents also will be accountable for any Code violations committed by their visitors/guests.

1. All visits are subject to the following conditions:

- a. All residents will have the opportunity to establish and regulate visitation through their roommate agreement. The roommate's approval is required. In situations where roommates are unable to resolve issues related to visitation on their own, they should contact their Resident Assistant.
- b. All residents must obtain permission from their roommate(s) each time they would like to entertain a guest.
- c. All residents and visitors/guests must present proper photo identification to gain building entry. Proper identification includes state issued identification cards and Panther Cards.
- d. Visitors/guests without proper photo identification must use a guest pass to gain building entry. Guest passes can be obtained at Panther Central. University staff have the right to deny approval of a guest pass. Both the resident and the guest must be present for a guest pass to be issued.
- e. All visitors/guests must be scanned in and out at the security desk.
- f. The resident must escort their visitors/guests at all times.
- g. Residents are limited to three (3) visitors/guests at any one time.
- h. Visitors under the age of 10 years old must be accompanied by a parent or guardian during any visit.
- i. Visitors 10 to 16 years of age who are not accompanied by a parent or guardian, must have written approval from a parent or guardian prior to any visit. These visitors must obtain a guest pass from Panther Central. Both the resident and the guest must be present for a guest pass to be issued. Panther Central will review the written approval from the parent or guardian. Upon discretion of the staff, there may be need for further approval from a parent or guardian. If needed, the Resident Director will be contacted for further discussion.
- j. Visitors 17 years of age or older must have a valid photo ID to visit. Visitors without a valid approved photo ID must obtain a guest pass from Panther Central. Both the resident and the guest must be present for a guest pass to be issued. If needed, the Resident Director will be contacted for further discussion. Upon discretion of the staff, there may need to be approval from a parent or guardian.

2. An extended guest is defined as any guest visiting between the hours of 2:00 AM and 8:00 AM. In addition to meeting the conditions above, residents may have extended guests subject to the following conditions:

- a. A resident may not have more than three (3) extended guests at one time.
- b. Each extended guest counts as one visit.
- c. A resident is limited to having ten (10) extended visits during any calendar month.

Notwithstanding the preceding conditions, the University may elect to restrict access to the Residence Halls at any time and under any circumstances.

If residents wish to seek an exception to any of the provisions of this policy, they should contact the Resident Director of their building.

3. Regardless of the resident's age, alcohol is prohibited in residence halls that are exclusively first-year residences. Alcohol is also prohibited in Amos Hall.
4. Residents are responsible and may be legally accountable for their own actions and the actions of their visitor(s)/guest(s), including any damages or injuries which result from actions during or after the consumption of alcoholic beverages.

## RESIDENCE HALL SECURITY

Entrances to residence halls have security desks staffed by Welcome Attendants. ## EMERGENCY CONTACT

The University encourages students to provide the name and contact information for individuals who should be notified in case of an emergency. Residents can add or update their emergency contact information through the Student Information System using PeopleSoft-Self Services.
