GENERAL INFORMATION

How do I use this booklet?

This rider's guide contains the routes that the University of Pittsburgh operates through the University's Department of Parking, Transportation and Services for the safety and convenience of Pitt students, faculty and staff during the fall and spring terms. The fall and spring routes are in effect from August 2026 through June 2027. If you need additional help, our drivers will be happy to provide assistance.

What time does the bus arrive at my stop?

Check the times and locations of the key stops that come before and after your stop. If your stop is halfway between a 10:25 stop and a 10:35 stop, you can expect the shuttle to arrive at 10:30. Please note that some stops are very close together in both distance and time. In these cases, it is a good idea to look at the time of the key stop that comes right before your own stop and be at your stop at that time. It is a good idea to wave down the bus so the driver knows you want to board the bus or shuttle. Buses will not stop at bus stops if there are no riders waiting to board or depart the bus.

When do the buses operate?

In general, the buses and shuttles operate on weekdays and on reduced schedules during the weekends and days when the shuttle system operates on a holiday schedule during the fall and spring terms. Please note: buses, shuttles, and SafeRider will not operate during Thanksgiving break, winter recess and spring break. Please refer to the operating calendar on pages 4 for further operating details.

Am I allowed to bring a bike on the buses and shuttles?

The University does not permit riders to bring their bikes onto the buses and shuttles; however, the larger buses are equipped with bike racks.

IS TRANSPORTATION PROVIDED FOR THE DISABLED?

The University provides a van equipped with a wheelchair lift for passengers with disabilities, operating Monday through Friday from 7 a.m. to 7 p.m. During the fall and spring terms, when classes are in session, rides can be scheduled by contacting Disability Resources and Services at: **412-648-7890**.

In addition, University buses and shuttles with wheelchair lifts are available on the following routes:

- 10A and 10B Upper Campus
- 20A North Oakland
- 15A OC Lot
- 30C South Oakland
- 40A
- BSPII
- Shopping Shuttle

GENERAL INFORMATION

Will the bus driver stop at stops not listed?

The bus driver will stop only at the stops listed for each route during the daylight hours. After 7 p.m., the driver may stop at locations other than the listed stops, upon your request, as long as the driver determines that it is safe. You must make your request at least one block before the desired stop. Note that this service is for drop-off only, not pickup.

Your safety is our main concern.

The University of Pittsburgh bus drivers take pride in operating the buses in a safe manner. You can help prevent injury by following these safety tips:

- Stay back from the curb until the bus comes to a complete stop.
- Cross the street **BEHIND** the bus. This helps you to see and be seen by other motorists.
- Do not walk between two stopped buses. The buses sometimes roll back slightly when the brakes are released.
- When driving a vehicle, **DO NOT** pass a stopped bus unless you are in a passing zone.
- If you ride a bicycle or skateboard or rollerblade on campus, do not hang on to the rear of a bus or follow the bus too closely. The bus may stop unexpectedly.

Are buses equipped with GPS?

Please log onto www.pittshuttle.com from any desktop or mobile device. Select a route or a stop, the estimated time of arrival will appear for each timed stop.

The **Transloc App** is available for download on iPhone and Android devices.

SAFE RIDER

Shuttles & Routes

SafeRider is a free, secure, and reliable transportation service available to University of Pittsburgh students, faculty, and staff from 9 p.m. to 3 a.m. nightly. It's designed to get you safely between campus buildings or to and from local residences when Pitt shuttles or PRT buses aren't available or convenient.

Whether you're studying late at Hillman or heading home from a club meeting, SafeRider is here to help you travel safely after dark. The service covers the area between Baum Boulevard (north), Carnegie Mellon University (east), the Center for Biotechnology and Bioengineering (south), and Trees Hall/Robinson Street (west).

You can request a ride to or from any location within this zone as long as the trip isn't already served by a Pitt shuttle or PRT route. If only your destination is on a shuttle route, SafeRider will drop you off at the Cathedral of Learning so you can continue your trip from there.

All students, staff, and faculty are permitted 25 rides per semester. Please consult the SafeRider brochure for additional information concerning policies and procedures. Upon boarding the SafeRider vehicle you must present your valid Pitt ID, and you can bring along up to two guests who aren't affiliated with the University.

Hours of Operation:

Fall & Spring: Sunday through Saturday, 9 p.m. – 3 a.m.

Summer: Monday through Friday, 9 p.m. – 3 a.m.

While on Board:

For everyone's safety and comfort, please:

- Keep food and drinks sealed
- Leave pets at home
- Don't smoke
- Stay behind the white line while the vehicle is moving
- Note that drivers cannot stop once the vehicle has pulled away from the curb
